FAQS

I have a Bronze license but want to compete at a Silver or Gold Show?

You have two options:

- a) Before the show you may purchase an upgrade through HCBC or EC for the difference in Sport Licensing fees. i.e. to upgrade from BRONZE to GOLD you pay \$80.00 or Silver to GOLD you pay \$40.00. Your SILVER or GOLD Sport license allows you to compete at that level and below at any recognized competition for the calendar year.
- b) At the show you may purchase a \$15.00 Temporary Upgrade and a 25.00 Temporary Horse Registration if passports are required. This is valid only for that show.

I am at the show and have no Sport License!!

You may purchase a Temporary EC Sport License for \$30.00 this will allow you to compete at that show only. You may also need to purchase a \$25.00 Temporary Horse registration if that show requires passports.

I only show Breed, do I need a passport now?

No. Breed has not changed you do not need a passport. Depending on the level of show you are entering you may need a BRONZE or SILVER license.

Breed shows do not run at the GOLD level. Check the shows prize list for information on level of sanctioning.

How do I get a passport?

Passports are available through Equine Canada or HCBC. Owners of Canadian born horses and horse imported at the age of five or under can purchase the passport through HCBC. All others must go through EC. The passport is good for the life of the horse. Your horses show records and vet records are recorded in the passport. A yearly license fee of \$10.00 will keep you passport valid for each competition year. To learn more about passports see our web site or go to www.equinecanada.ca
